(Verse 1)

I should've known that you were bad news from the
start
I should've known that you would walk away and take
my heart
You played your games, you got me hooked, it's like
I'm in for good
You're messing with my head just like they believed
you would

What will it take for you to treat me like a human being
You make me want to go and hide my face so I'm not
seen
I never thought that it would come to this but I was
wrong
I'm fed up with this crazy mess so now I want you gone

(Chorus)

Uht Oh Uht Oh I'm reaching out my hand for you
but you stand there staring as ice runs through your
veins
Uht Oh Uht Oh I'm waiting here frozen
while I'm caught in your choke hold

But you took my heart
drained my soul and left me on my own
You walked away left me standing in the cold
You left me in the cold

(Verse 2)

You messed me up controlled my mind it's like I
couldn't breathe
You'd say you care then turn around and put the blame
on me
I still waited patiently for a small glimpse of the past we
had
But whom I kidding you will never change from being
bad

I look back and remember those times
I bought all your backstabbing lies
But now you can't fool me I see right through you
I'll look back and remember this day where all I will
manage to say
I can't take it anymore

(Chorus)

Uht Oh Uht Oh I'm reaching out my hands for you
but you stand there staring as ice runs through your
veins
Uht Oh Uht Oh I'm waiting here frozen
while I'm caught in your choke hold

But you took my heart
drained my soul and left me on my own
You walked away left me standing in the cold
You left me in the cold

You left me in the cold

Cold

(Bridge)

You are so cold
You are so cold
You are so cold
You are so cold

(Chorus)

Uht Oh Uht Oh I'm reaching out my hand for you
but you stand there staring as ice runs through your
veins
Uht Oh Uht Oh I'm waiting here frozen
while I'm caught in your choke hold

Uht Oh Uht Oh you're begging on your knees for me
As I stand there staring as fire runs through my veins
Uht Oh Uht Oh I'm taking back my life
I finally broke from your choke hold

Now I'll take your heart drain your soul
and leave you on your own
I'll walk away leave you standing in the cold
Like you left me in the cold

Leave you in the cold

Turn my back and walk away I'll leave you in the cold
