Been over a year
I'm sitting here
Wondering why we had to break up

After all this time
I realized
It would be easy to make up

All I would have to do is call
We could be on the phone and talk
Sort out all our feelings
Maybe I can find a reason why

I let you go
Baby I just need to let you know
That I made mistakes when I left you
I didn't think it upset you

I need to know why
This feeling I can't deny
Tells me that we're meant to be
But is it lying to me
Or should you be with me now

I'm still a hot mess
I'm trying my best
To forget about you now

Haven't done a good job
Beginning to sob
I hate feeling so broke down

Right now I really wish I could call
We could be on the phone and talk
Sort out all our feelings
Maybe I could find a reason why

I let you go
Baby I just need to let you know
That I made mistakes when I left you
I didn't think it upset you

I need to know why
This feeling I can't deny
Tells me that we're meant to be
But is it lying to me
Or should you be with me now

Oh I wish we could get back together
It's hurting me inside
Gone are the times I thought we'd last forever
If I saw you one more time

I'd never let you go
Baby I just need to let you know
That I made mistakes when I left you
I didn't think it upset you

I want to know why
This feeling I can't deny
Tells me that we're meant to be
But is it lying to me
Or should you be with me now
