[Verse 1]

Sitting on the pavement by your door boy
You've got me thinking I'm wanting more
It's true (it's true)
I really want to be with you, oh
My hearts freezing icy cold
But baby when I see you
It turns pure gold
It's true I know I got to be with you
All the times we've shared together
Are rushing back just like a snowy winter, oh
I know I got to be with you

[Chorus]

When you're in love love love
It's like you're traveling one thousand miles
When you're in love love love
Baby those late night texts there alright
1,2 when were together
3,4 lovers for forever, oh
I think I just got with you

[Verse 2]

I don't usually do this
But I'm in love
When I see you baby
It's not enough, oh
Why can't I just have you
Crazy things brought us together
Slow walks in the park were always better
With you
Baby I'm paralyzed, this can't be right (can't be right)

[Chorus]

But when you're in love love love
It's like you're traveling one thousand miles
When you're in love love love
Baby those late night texts there alright
1,2 when were together
3,4 lovers for forever, oh
I think I just got with you

[Hook]

Oh

Baby, baby

My hearts gonna explode

All this nervousness yeah yeah

[Chorus]

But when you're in love love love

It's like you're traveling one thousand miles

When you're in love love love

Baby those late night texts there alright

1,2 when were together

3,4 lovers for forever

I think it's time to let you go
