If you decide to walk away so easily  
Just because I said some things I didn't mean  
In case you changed your mind about all this  
I guess it's just the way it has to be

You know that I am still in love with you  
So many little things we have to do  
So many different words are left to say  
Instead you choose to go, a separate way

You may be the only love  
I had ever known  
And it's got to last forever

Things were wrong and now it's over  
Your love is gone though mine  
Is still around

If you decide you're better off alone  
Don't forget to leave a little note  
And take along the precious memories  
That leave me pain and emptiness

If someone asked what I am living for  
Without hesitation I would say it's you alone  
Without a doubt in my mind  
Another one like you I'll never find

You may be the only love  
I had ever known  
And it's got to last forever

Things were wrong and now it's over  
Your love is gone though mine  
Is still around

You may be the only love

I had ever known  
And it's got to last forever

Things were wrong and now it's over  
Your love is gone though mine  
Is still around
