Please don't cry, oh my  
You're so blue  
But I'm here to help you  
Beautiful you

You need someone to give you  
A love that's true  
Well, I'm here to help you  
Beautiful you

Beautiful you  
You'll need a man someday  
Beautiful you  
You know I'm here to stay

The days go by, oh my  
What will you do  
Take me to help you  
Beautiful you

Beautiful you  
I'll never let you go  
Beautiful you  
Our love will always grow

Please don't cry, oh my  
What will you do  
Take me to help you  
Beautiful you
