When I get tired and a little lonely
The worlds turned it?s cold back on me
When I?m about to swear
I ain?t got a friend left to my name

Instead of sinking a little lower
I start making tracks on over
To a place where the sun shines day and night
And where I know I?ll hear you say

Come on in, baby take you coat off
Come on in, baby take a load off
Come on in, baby shake the blues off
I?m gonna love that frown away

Come on in, baby put a smile on
Come on in, baby tell me what?s wrong
Come on in, the blues will be long gone
I?m gonna love your hurt away

When I feel a lonesome night coming on
Every thing I did all day went wrong
There?s a black cloud following me around
And I just can?t get away

Instead of sinking a little lower
I start making tracks on over
To a place where the sun shines day and night
And I know I?ll hear you say

Come on in, baby take you coat off
Come on in, baby take a load off
Come on in, baby shake the blues off
I?m gonna love that frown away

Come on in, baby put a smile on
Come on in, baby tell me what?s wrong
Come on in, the blues will be long gone
I?m gonna love your hurt away

Come on in, baby take you coat off
Come on in, baby take a load off

Come on in, baby shake the blues off
I?m gonna love that frown away

Come on in, baby put a smile on
Come on in, baby tell me what?s wrong
Come on in, the blues will be long gone
I?m gonna love your hurt away

Come on in, baby take you coat off
Come on in, baby take a load off
Come on in, baby shake the blues off
I?m gonna love that frown away

Come on in, baby put a smile on
Come on in, baby tell me what?s wrong
Come on in, the blues will be long gone
I?m gonna love your hurt away

Come on in, baby take you coat off
Come on in, baby take a load off
Come on in, baby shake the blues off
I?m gonna love that frown away

Come on in, baby put a smile on
Come on in, baby tell me what?s wrong
Come on in, the blues will be long gone
I?m gonna love your hurt away
