Lay your head down on my shoulder
I won't let the night get colder
I'll protect you, I'll be keepin'
Trouble far from where you're sleepin'

Until you wake in the mornin'
You've got the world to yourself

Dream on, dream about the world
We're gonna live in one fine day
Dream on, spent the night in Heaven
I'll be here to light your way
Someday tomorrow we'll smile
But little girl in the meanwhile, dream on

You're a princess chains around you
I'm a hero who just found you
'Til a brand new day must wake you
Let imagination take you

Go where the music is playing
I'll be along in awhile

Dream on, dream about the world
We're gonna live in one fine day
Dream on, spent the night in Heaven
I'll be here to light your way
Someday tomorrow we'll smile
But little girl in the meanwhile, dream on

Dream on, dream about the world
We're gonna live in one fine day
Dream on, spent the night in Heaven
I'll be here to light your way
Dream on, dream about the world
We're gonna live in one fine day
Dream on, spent the night in Heaven
I'll be here to light your way
