Tell you why I called on you
This is what we're going to do
Take this lovely gift of love
Sent to us from Heaven above

I said, baby I think that we can help each other see
(Oh, yeah)
We'd make this life that we're living
Seem more like it's supposed to be

Well, every man should have a good woman
Every woman should have a good man
Won't you stand along beside me
Let me do the best I can, take each other's heart in
hand

I want to sing just a little love song
I want to sing for a little while
Back up and tow the line for you
I want to be your all in all

Bless you babe, I love you so
Love from whom all blessings flow
Me to you and you to me
This is how it's going to be

I said baby we're gonna know the joy
The years can bring
(Oh, yeah)
And every time I think about it
I just want to lift my heart and sing
(One more time)

Every man should have a good woman
Every woman should have a good man
Won't you stand along beside me
Let me do the best I can, take each other's heart in
hand

Bless you babe, I love you so
Love from whom all blessings flow
Me to you and you to me

This is how it's going to be

I said baby we're gonna know the joy
The years can bring
(Oh, yeah)
And every time I think about it
I just want to lift my heart and sing
(One more time)
