Across the bay a lady waits to hold me tight  
And my boat and I are ready to set sail  
If the weather keeps on holding and the wind is right  
I'll be wrapped up in my sweet one's arms tonight

And we will sail away on the wings of love into the night  
Cast out our fortunes on the sea  
Then we will go to sleep together with the rocking of  
the water  
And dream of how our life will someday be  
When she sailed away with me

As I skip across the waves my sails are high and full  
My mind is on the one I wait to see  
And I dream about an island somewhere in my mind  
Where someday I will take her off with me

And we will sail away on the wings of love into the night  
Cast out our fortunes on the sea  
Then we will go to sleep together with the rocking of  
the water  
And dream of how our life will someday be  
When she sailed away with me

Then a smile comes upon me as I look across the bow  
And I see a lady on the side  
But she will wait no more as I head for the shore  
Cause tonight I'm gonna take her for a ride

And we will sail away on the wings of love into the night  
Cast out our fortunes on the sea  
Then we will go to sleep together with the rocking of  
the water  
And dream of how our life will someday be  
When she sails away

We will sail away on the wings of love into the night  
Cast out our fortunes on the sea  
Then we will go to sleep together with the rocking of  
the water  
And dream of how our life will someday be  
When she sails away

We will sail away on the wings of love into the night  
Cast out our fortunes on the sea
