Boy bye, not with them shoes on ('cause you ratchet)
Ooh, I just want to punch her in her face (ooh she

I can't stand her, ooh she too fake (she ratchet)

Girl, let me tell you what I got my mister mister (girl

A baby boy and it came with a sister (uh uh)
Girl, yes, I'm pregnant, but I still hit the club I'm in the
middle of the floor, no shoes, WHAAT'S UUUPPP!!!
I had to get cute today, apple bottom jeans, fur boots

I had to keep it looking 'cause my baby daddy just
made bail
He a thug, you know he'll shoot today
New baby need new shoes today, child support check

Got the tracks yesterday, girl did you get the glue
today (you know it)
Gone beef it up, mooove tramp
It's the 15, I got food stamps
Got a brand new piercing, brand new tatt, I paid 95
dollars for this weave plus tax, BOW
Bend that thang over while I smack my thong
No real hair this manga long
Thinking that you better than I am well then you
thanking wrong (stupid)
Whatever she a lie, my number, boy bye
What is wrong with you?
Oh, oh, oh, shh, shh, be quiet
Heeyyy girl you look good
Turn around let me see who did your sew in (get it, get

My name is Emanwella, but my girlfriends call me Carri
The club is free before 11, pre-game then we party
Yes I am the baddest, but you can't have this boo boo
sorry
Cause 2-Chainz is my future baby daddy MAURY!
Got my jersey dress on, Jordan heels match my press
on
Pound team dark-skin, we don't like them red bones
Duck lip in my pictures, new avi got glitter
Hit me up on Facebook and follow me on twitter
I'm with team flip phone, team Chris Brown
If she don't shut it up, then it's team shut it down
I'm with team bad chick, team with your man
And if he got a lot of money, then it's team he paying
What you saying, I mean he might as well spend it on
me
Because you ain't looking like nothing
What you gone do? What you gone do?
Please, please, oh, oh, girl oh my God
