Fall Away

Verse1)

I was left alone, but now, I see..... I see.....

Pre)

I was left alone, but now, I see (hey hey) I see (hey hey)

Chorus)

And when the storm came to me, it spun me round and
now I see the lightning (fall fall) the light will (call call)
and I... fall away... I fall away... oh oh
to let you go, to let you. I let you, fall away...

Verse2)

And now the story goes on
There's hope within the rising (oh oh) the rising (oh oh)

Chorus)

Bridge)

I never wished for yesterday...
but I held onto words you say...
Never felt that I lost the way...
Finding hope in the light of day...

Chorus)
