Higher

Intro)

Where were you when I was lost

Where were you when the train came running

Verse 1)

I was buried, beneath it all

Hypnotized and the world kept turning

I was lost in love yeah, lost in love

I couldn't see right in front of me

you reaching out, tried to carry me

You felt my heart, yeah

You felt my heart

Pre)

For reasons why I

I could not fly I

No more alone I

You took me, you took me

Chorus)

Higher, higher

You took me higher

Now I'm a fighter

Higher...

Verse 2)

I can see into the light

Broken free from the chains that bound me

Moving on, opened up the doors

Loving life and the world keeps turning

I run for you and I'm running high

Into the sky, I see your heavenly eyes

Looking down on me, lighting up my way

You carry me, yeah

Pre)

For reasons why I

I could not fly I
No more alone I
You took me, you took me

Chorus)
Higher, higher
You took me higher
Now I'm a fighter
Higher...

Bridge)
Why'd I take so long
To see you smiling there
Never felt so strong
Now I can, now you're there
You took me, you took me

Chorus)
Higher, higher
You took me higher
Now I'm a fighter
Higher...
