I'm rambling at the end of my rope
How everybody's cheap with their hope
That I'll believe in bullshit
And I'm in it pretty deep
Everybody wants me to die
The ones that worship headlights
Won't know that I'm the hero
In this good tragedy

I killed a man who had no concern
I'm civilized and he was absurd
I guess I didn't mean it
But I'd do it once again
You borrowed something I'd never loan
He stayed the night when I wasn't home
I shot him in the morning
And in the afternoon
I'd have done it in the evening
But then he didn't move

Oh I don't mind
Oh I don't mind
What you took from me
What you owe to me
Cause I'll see you again

You ripped from the end of the road
And tied me to the bed post
Incited me with murder
Condemning me to die
You battled for the truth in your lies
You've tidied up my heart with a knife
And somehow I'm the murder
A victim of your crime
Oh I'd never take it further
Than taking his damn life

Oh I don't mind
Oh I don't mind
What you took from me
What you owe to me
Cause I'll see you again

And now you are the cure
And now it is my time
And I'll become your burden
The rest of your damn life

Oh I don't mind
What you took from me
What you stole from me
'Cause I'll see you again
