we watch the sky go dark  
people getting colder  
with walls around their hearts,  
but I know,  
you and I can shine  
high above the buildings,  
in eachothers eyes, i think  
about you  
about you  
about you  
a thousand times a day  
about you  
about you  
about you  
a thousand times a day  
I watch your body move  
poetry in motion  
as you dance around my room  
an angel in New York  
a flower in this city,  
growing wild inside my heart  
I think  
about you  
about you  
about you  
a thousand times a day  
about you  
about you  
about you  
a thousand times a day  
I just want to show you how I feel  
just want to show you  
it feels like it's just the beginning  
it feels like I'll never want again  
well it feels like  
the world is spinning all around her  
and all I can do is think  
a thousand times a day  
about you  
about you  
about you

a thousand times a day  
about you  
about you  
about you  
a thousand times a day  
about you  
about you  
about you  
a thousand times a day  
about you  
about you  
I just want to show you  
I just want to show you  
I just want to show you
