[Intro: Hell Razah]

Sunz of... Sunz of... Sunz of Man

Sunz of... Sunz of... Sunz of Man

It comes down in the last days to makin Bloody Choices

Word up, yo, yo, yo, yo, yo, yo, yea

Killah Priest

[Chorus: Hell Razah]

What you gonna do with God inside you?

Where you goin to when Hell's around you?

Heaven is the place, we on our route to

Destroy you right now, we about to

The sin is to the devil that divides you

Knowledge of self will civilize you

Civilize you and you and you

[Hell Razah]

Yo, yo, yo

[Chorus (lines 1-4 only)]

[Hell Razah]

Yo, in this universal tournament, I warnin it

If my knowledge, you not absorbin it

After I thought of it, my brain recorded it

Then I track slaughtered it, went on tour with it

Longer than life or death, stalkin it (stalkin it)

As I inject this in your ear drums, here comes tons of
intelligence

Fatter than elephants, I lock a mental slave instead of
level my Dead

Presidents

Why should I kill fool who tried to kill me?

Walk thru this industry with a bond to my chest for
victory

History heals me, shields me, force fields me

With the truth, goin out like a troop

At war and able with my gun ready to shoot

Righteous bullets keep the minds wicked-proof

Any day you be a target aimed off my roof

What? What? What?

[Chorus]

[Prodigal Sunn]

Yo, yo, in these revolutions, they never end
Do mental and physical calystetics
Sharpen my tactics, live Allah's Mathematics
Movin in the sun's shadow, devistation, agrivation
Stalks my nation, death of temptation, Saten's
allegations
The fire in us will charge for the wicked to burn
Only concerned, levitate, elevate the black germ
Thru the process effect your domes with my vocal
tones
Those who is stoned, elevatin gases thru the
microphones
Roll with the stroll, rebellious, to weak knowledge
I seek the sheeps, will only bring forth the Killah Priest
Fatter geristics, automatic, clear as plastic
Tragic, drastic, killin all psychopathics
On my journey from the house of steel
Where Gods reveal the silk, devils distill and kneal
Witness the blood spill

[Hell Razah]

Life tell lies, death in our face
Every other day we killin off our own race
Rather drugs, guns, somethin common known
This is the place that we all call home
Life tell lies, death in our face
Every other day we killin off our own race
Rather drugs, guns, somethin common known
This is the place that we all call home

[Outro: Hell Razah, (Prodigal Sunn)]
