Is it me or does it seem that life just carries on?  
Was it him who said that life is just a song?  
I don't know what will keep me on this little earth  
I just might use the love that's all in the dirt

But every damn time that I see you  
I say to myself, "She ain't worth it, no no  
She ain't worth nothin' I got, no no"

Was it you who said my life is over?  
Baby it was over from the bitter start  
And they just say that I won't be around  
Downtown tomorrow?  
Yes I will with a hardened heart

But every damn time that I see you  
I say to myself, "She ain't worth it, no no  
She ain't worth nothin' I got, no no, no way"

She can have anything she wants  
But she really doesn't know about the way she taunts  
It's tearin' me apart, it's tearin' me apart  
Get away, get up, and get away

I was walkin' yesterday at night in the park  
And I was a little girl standin' on the corner of the world  
And I said little girl what ya doin' in the world  
She looked up at me as if I was a girl  
And I said the winds been blowing hard  
For oh bout a 1000 years at a time  
But it's time to stop the hate

I said, "Get away to get up  
Get away to get up, get away  
Something to say, way oh

Did you mean something mean  
When you said my soul was clean  
Well I know all the stories that I've been told  
Are nothin' but a product sold

I was walkin' last night

I was thinkin' kinda funky I was ready to fight  
Feelin' kinda frisky, drinkin' finer whiskey  
Never did I know what did it would and kiss me

Up cross the mouth I flick down south  
My head started spinnin' like a whirley mount  
And I said, "Hey girl gotta run away  
Gotta ask something, something gotta say"

And I said, "Hey something don't ya know nothin'  
Don't ya see the world that is comin' to unfurl  
And I said, "I don't wanna say nothin' now"

Except get away to get up  
Get away to get up  
Get away to get up  
'Cause I got something to say way oh
