There are few things pure in this world anymore
And home is one of the few
We'd have a drink outside, maybe run and hide
If we saw a couple of men in blue

But to me so damn easy to see
That your people are the people at home
Well I been away but now I'm back today
And there ain't a place I'd rather go

I feel home when I see the faces that remember my
own
I feel home when I'm chillin' outside with the people I
know
I feel home and that's just what I feel
Home to me is reality and all I need is something real

Feeling alright, headin' out tonight
Maybe off to a dark driveway
I say now, some feel bored
Some are looking for more, but we all just decide to
stay

We got nothing to do, but when I look at you
I see someone that I know and loved
And with the crack of a smile we'd all stay awhile
I know from home there ain't nothin' above

Well in the end, we can all call our friends
That's something that I pray is true
And in a thousand years, and a thousand tears
I'll find my original crew

'Cause to me there is nowhere else that I'd rather be
Said, "Right here, right at home"
And on those long dark drives on that road at night
In my heart I feel home

I feel home when I see the faces that remember my
own
I feel home when I'm chillin' outside with the people I
know

I feel home and that's just what I feel
Home to me is reality and all I need is something real

Home to me is my reality
And all I need is something real
I feel my home

I feel home, I feel my home
I feel my home, I love my home
It's been so long and finally I'm home
I know you're gone but in our hearts
You'll always, always live on

And all your friends, they live in your smile
There is no end, you'll always live on
No matter my age, I swear to God
Tonight I can see you on my stage
I feel home, I feel home, I feel home

I feel my home, I love my home, I miss my home
Oh late at night when we are drivin' all alone
I feel home and all those nights when I'm lying all alone
I feel my home and in my heart, always little home
And in my soul I feel my home
