

O.A.R. "So Much"

It's not magic
With strength of purpose
The power of many
With a single focus
There's so much that we can do
Together we'll make it through

It's not surprising
With strength of purpose
The power of many
With the single focus
There's so much that we can do
Together we can make it through

There's so much left for us to do
?
Together we can really move (move),
The mountains in our way
We don't have to live alone
We don't have to be alone
Together we can take this on (on)
Its so much easier that way

Its not magic
With strength of purpose
Power of many
With the single focus
There's so much we can do,
Together we can make it through

Its not surprising
With strength of purpose
Power of many
With the single focus
There's so much we can do,
Together we can make it through

There's so much for me left to say
So much time has gone away
Together we can find a way
One day at a time

You don't have to be alone
We don't have to live alone
Together we can take this on
Its so much easier that way

Its not magic,
With strength of purpose
Power of many
With the single focus
There's so much we can do,
Together we can make it through

Its not surprising,
The strength of purpose
The power of many
With the single focus
There's so much we can do,
Together we can make it through

We'll make it through (repeated several times)
