Say oh oh oh oh
Sun gonna pick me up
When I'm down on my knees
Say yo oh oh oh oh
Sun gonna pick me up
Sun gonna pick me up
I guess someone gonna pick me up

I don't know it but I'm not for sure
Things have changed here on the shore
They didn't ask me when I been gone
I didnt know that you stayed so long
You had a way about you that flies
Like this bird that I saw one time
Over there in Italy
But you never came back to me

You said oh oh oh
Sun gonna pick me up
When I'm down on my knees
Say oh oh oh oh
Sun better pick me up
Sun gonna pick me up
I guess I'm gonna pick me up
