lights of dawn don't conform
changing and migrating
living and growing
each day that passes is a gift

capture the essence
the beauty that lifts
we can absorb the essence
the meaning of god
i can't get stuck, in this
in this superficial facade

there's more to life than money
there's more to life than wealth
explore the beauty of creation
and pray for good health

lights of dawn don't conform
changing and migrating
living and growing
each day that passes is a gift

capture the essence
the beauty that lifts
we can absorb the the meaning of god
i can't get stuck living in this facade

there's more to life than money
there's more to life than wealth
explore the beauty of creation
and pray for good health

there's more to life than money
there's more to life than wealth
explore the beauty of creation, creation
pray for good health

there's more to life than money
there's more to life than wealth
so explore this beauty of creation
just pray for good health
