She takes it deep to the heart right from the start  
She talks softly over a glass of wine  
Now and again she's more than a friend  
But don't you just throw me that line

Saying that it would be great if she'd dedicate  
Just a minute from her precious time  
Said, I'll give it a while, that's not my style  
Now how is that a crime?

Everyone says that I'm wild  
Pardon my French but I still know my child  
And that was the day I told her I needed some time

I began walking when she was still talking  
Looking for an exit sign  
Pardon my face, but I'm leaving no trace  
'Cause I really haven't got the time

Well, I began thinking and my heart is just sinking  
I'm looking for that place to go  
Well, isn't it sad that she'll treat you so bad  
And you never really let her know

Well, everyone says that she's crying  
But I can't forget all the time I spent trying  
And that was the day I told her I needed some time

And I know, I know what it feels like to be alone  
I say now, I know, I know what it feels like to be at home  
I say now, I like, I like stopping to say hello  
Say, it's my life, my life, my life why can't we take this  
slow?  
Why can't we take this slow?

Why can't we take this slow?

Now I've been through these phases  
And I've walked through these mazes  
I'm sick and just a little tired  
It sure isn't fair but I'm not aware  
Of the patience that's required

If I could have kissed her  
Every time that I missed her  
I wouldn't be out the door  
But now and again I sure need a friend  
Now isn't that what she's for?

And everyone says that I'm lying  
But I can't forget all the time she was crying  
And that was the day I told her I needed some time

And I know, I know what it feels like to be alone  
I say now, I know, I know what it feels like to be at home  
I say now, I like, I like stopping to say hello  
Say, it's my life, my life, my life why can't we take this  
slow?  
Baby take it slow, it's my life, my life, why can't we take  
it slow?  
Baby take it slow, it's my life, my life, why can't we take  
it slow?  
Baby take it slow
