YOU...

You bet your life for nothing

and never realize

You bet your life for something

that can't make it through this PAIN

You never realize ,

You sell yourself...

reff:

Then you injure yourself

and you will never know

you're sick , you're bleeding and next you ruin your life

(Then you injure your self)

your smile like demons , when dancing in the hell

(and you will never know)

sometimes you fall , sometimes you regrets

but its to late and your hope

were already gone!

close your eyes and feel your breath

close your eyes and feel your beat

feel so weak , you gonna be insane..

lost your mind , then you'll die..

change your faith and leave it all behind

just come back to your GOD (ALLAH s.w.t) ..
