Amazing how we all want this life a little more
everyday.
It's crazy how we pick ourselves up just to let us down
anyway.
The one thing that you're missing is loungin' on the log
right next to you.
So pick up that precious something and relax for a
delicate few.

Amazing how we all want this life a little more
everyday.
It's crazy how we pick ourselves up just to let us down
anyway.
The one thing that you're missing is loungin' on the log
right next to you.
So pick up that precious something and relax for a
delicate few.

It's crazy how we all need this time a little more every
way.
It's wild how we stay up nights losing part of the day.
The one time that you're loathing is there for you oh so
well.
So pick up that precious someone and relax for a
delicate spell.

Rising up early the sun barely before me I could have
sworn I just went to bed.
I smell the blizzard in the air, Winter's bitter love affair,
I grab my coat again, my hat, my jacks...I put my hat on
my head and I was off again
she said,
Rising up early that sun barely rose before me, I could
have sworn I just laid my head to bed about an hour
ago.
Blizzard in the air, Winter's bitter love affair,
I grab my coat again, hat in my head, lit my jacket and I
was off again
she said,

Rising up early taht sun rose barely before me, I could
have sworn I just laid my head to bed.

I've got to, but it was so cold, I've got trouble keeping
hold of my lady sleeping next to me.
But I swear today, I'm gonna go off in a delicate way
and I'll have so much fun I swear.
No matter what goes wrong, I'll be moving on,
I promise you, jack in my mouth, hat on my head, and I
was off again
she said,

Relax for a delicate few.
Just me and you.
I swear to you true, I do.
Relax for a delicate few
