I look out below me the clouds on top the blue  
Kid's thinking about nothing, cause there's absolutely  
nothing to do  
The door ain't wide just open, open to the sky  
On top the cage keep hopin, sayin cause on top the  
cage just try, on top da cage

Help out your brother to the light at peace is a helping  
hand  
With help from our mother we shine so bright and  
march to the father's land  
I said we take the spot and we take it up top and the  
key fits in the lock  
You come with me on this lifting walk, and you know  
you never come back  
Because on top the cage is the harmony that bars and  
chains never chime  
Wherever we go it's not far for me, better befriend old  
man time.

I stood on top of this cage one night, all night long  
From here the view was proud  
I could see all these beautiful clouds  
So I told people come out of your cage  
Time to break lock forever  
Join together march on top hold my hand, say goodbye  
to never  
You can be my man if you want to hang out here  
Just me my girl on top of this world and we sit there and  
we stare  
At the clouds, green hills, and the mountaintops, and  
the river to the side  
You can come too, if you want, you don't have to hide.
