Life is bora bora man, life is poco loco  
Oya oya oya oya oya oya oya oh  
Just be you, be yourself  
Forget your past, forget your future  
Forget your best, forget your worst  
And tell me who are you now.

Try to stay in the normal, try to stay on your path to  
follow who you are  
Try to stay in the normal, try to stay on your path to  
follow your own star  
It's only now

Chacun de nous rÃave avoir un avenir meilleur  
Mais ceux que nous oublions,  
Notre future est nÃe du prÃsent fÃcond passÃ  
Past is dead, think for the present and tomorrow is  
better!
