#### Verse 1:

Tell me babe, what would it take  
For me to stay in your presence for at least one more  
minute  
Iâ€™m just so caught in your gaze  
What do I gotta do for you just to paint a better picture  
Iâ€™m going out of my way  
Just to get your attention but you wont budge a second  
Iâ€™ve never felt this way before, cause you change  
everything, you you  
Change everything

#### Chorus:

Now go, admit it that you, that you feel the same about  
me  
Let go, admit it that you get that feelin when youâ€™re  
with me  
So when youâ€™re lyin in your bed  
And Iâ€™m all up in your head  
Know that Iâ€™m doing the same thing too  
Now go admit it that you, that you get that feelin when  
youâ€™re with me  
Admit it

#### Verse 2:

Tell me babe, why donâ€™t you stay  
Why is it that youâ€™re afraid to tell me that you feel like  
I do  
No need to run and hide  
Iâ€™d go for miles if I had to just to get the chance to see  
ya  
No way Iâ€™m letting you go  
When you look into my eyes you know nothings felt so  
right  
Couldnâ€™t resist you even if I tried, cause you change  
everything, you you  
Change everything

#### Chorus:

Now go, admit it that you, that you feel the same about  
me

Let go, admit it that you get that feelin when youÂ're  
with me  
So when youÂ're lyin in your bed  
And IÂ'm all up in your head  
Know that IÂ'm doing the same thing too  
Now go, admit it that you get that feeling when youÂ're  
with me  
Admit it

Bridge:  
Oh baby  
Been hiding for too long  
With these feelings so strong  
I canÂ't stay away, I can't stay away  
So captivated by  
Every move you make and I  
Baby I admit it

Chorus
