Verse 1:

Tell me who do you think you are
I've about had enough
Try to take everything that I have
But you are not in control
Holdin chains around my feet
How could I been so blind to see that
People aren't always what they claim to be

Chorus:

Here's to the liars we have come across before
Here's to all the haters who told us we can't but
we proved wrong
Here's to all the flaws and imperfections that we
got but we embrace
Here's to you (ay-oh, ay-oh-oh-oh)
Here's to you

Verse 2:

Tell me who was it that made you king
Whoever put you in charge
To break me down piece by piece
Leave me shattered and scarred
Strip me of my confidence
How could I have be such a fool to think that you'd
ever show love for me, love for me

Chorus:

Here's to the liars we have come across before
Here's to all the haters who told us we can't but
we proved wrong
Here's to all the flaws and imperfections that we
got but we embrace
Here's to you (ay-oh, ay-oh-oh)
Here's to you

Bridge:

Say anything you want
Say anything you like cause I've about heard all
Pretending that you want the best for me
But you'd never catch my fall
I never needed your approval and as far as I'm

concerned
This one's for you
Here's to you

Chorus x2
