you look me afraid  
you look back at what you want me to  
do you know you're high?  
don't you know, don't say I didn't tell you so

we care, we care  
we do care a shit about you  
we care, we care  
we do care a shit about you

I care, I care  
I do care a shit about you  
I care, I care  
I do care a shit about you

Don't look around no more (don't talk with me that way)  
cause you will find nothing at all (don't talk with me that way)  
don't talk with me that way (don't talk with me that way)  
only dust is what you say (don't talk with me that way)

you talk me afraid  
looking back at what you want me to  
dude you know you're high?  
don't you know, don't say I didn't tell you so

we care, we care  
we do care a shit about you  
I care, I care  
I do care a shit about you

Don't look around no more (don't talk with me that way)  
cause you will find nothing at all (don't talk with me that way)  
don't talk with me that way (don't talk with me that way)  
only dust is what you say (don't talk with me that way)
