How does it feel To know that he would die for you  
How does it feel To know he gave his life for you  
How does it feel To know that he would fight for you  
To prove his Love he became a Sacrifice for you..

Hook:

True Love is willing to die(Repeat)

How does it feel To know he thinks the world of you  
You're on his mind, all day and yes he cares for you  
How does it feel To know to know he'll never say  
goodbye to you  
He'll keep his promise He'll never ever lie to you

HOOK

Bridge:

Your love has taught me Anything is possible  
Your love has shown me, I can be invincible  
Even in this world, I still believe in Miracles  
Even in this world, I still believe in love
