I know how you feel about drivin' fast
Blasting the radio, Red Sox reruns on TiVo
I know you hate goin' to work on Monday morning
I know what you think about
Ford trucks and Friday night football
Staying up all night on a phone call
I know you say you wanna take it slow
But baby...

[Chorus:]

Tell me what you think about us
Tell me how you feel when we touch
I just wanna know that you're feeling this
And when we kiss you can't get enough
Tell me what you say to your friends
Every time my number comes up
Are you telling them that we're serious
I wonder if you're callin' it love
Tell me what you think about us

You got big dreams and I hope they come true
You wanna change the world and I hope you get to
Cause boy I know you'd love to make your mama proud
I know you wanna work hard and make you a good life
Settle down someday with a good wife
But right now I wanna be the only thing on your mind

[Chorus]

Tell me what you think about us
Tell me how you feel when we touch
I just wanna know that you're feeling this
And when we kiss you can't get enough
Tell me what you say to your friends
Every time my number comes up
Are you telling them that we're serious
I wonder if you're callin' it love
Tell me what you think about us

I wonder what you'd say if I said I might
Be falling for you right here tonight
I wanna be the one that calls you baby

[Chorus]

Tell me what you think

Tell me what you think about us

Tell me how you feel when we touch

I just wanna know that you're feeling this

And when we kiss you can't get enough

Tell me what you say to your friends

Every time my number comes up

Are you telling them that we're serious

I wonder if you're callin' it love

Tell me what you think about us
