Here I go again

Sometimes when I'm all alone I get to thinking
Ten minutes between blinking
Starring off into nothing
But yo there's a lot on my mind

I start to wonder where my life is taking me
Am I stuck in the matrix
Or did heaven design this

Did I do what I was supposed to do yesterday
Or is tomorrow gonna be a replay of what I did already

I don't know what to do
I can't tell where to turn
Blinded by the fog of fear
Gotta leave here

Here I go, I go
Here I go, I go

Taking things I ain't got no business taking
Feels like the ground shaking
But it ain't
Shivering from the pain

Hoping that this love takes me where I wanna go
Then I realize that we broke up a day ago

I can't get hold a grip
Too wise just to slip
Gotta loosen up the reigns
Or let go of it
I can't help but wonder if my mind is playing tricks
Should I reevaluate my life or be in love with it

Here I go, I go, I go
Here I go again
Here I go, I go
Here I go again

I wish that everything that passed by in a flash be
visible
Maybe then I could explain why it never lasts be
sensible
If it all were to slow down
I would never see the things that were meant to go slow

So here I go
Here I go again

Thinking about things that don't matter
Irrelevant chatter seems to me to be the cause for lack
of laughter

Here I go
Here I go again

Hoping that this love takes me where I wanna go
Then I realize that we broke up a day ago
