You don't have to speak to say what you think
I know
That you're telling me so

A sigh is a sigh
And a smile is a smile
It's enough and it always will do

I know I can't spend every minute of every day
Asleep with you
If I could give all I can give to get a smile
Then that's what I'll do

Take the metro-liner
Coming up to find ya
I don't need to rely
The worst is all behind
It's where you're going not where you've been
That's why I don't get sad when I kiss your head
Goodbye

I'll just see you tomorrow instead
I'll just see you tomorrow instead

I know I can't spend every moment of every day
Asleep with you
If I can give all I can give to get a smile
Then that's what I'll do

And I hate when I wake up on guard
But that's just because
I have to
But as you lay lying in your bed
I'll leave you a song
That's only for you
