There were reasons to get outta my bed

Slipping in and out of what you call life
And the place again and not seeing in
And [incomprehensible]
And I died that day
Makes no difference if were open or closed
When you shake my hand
IÂ'm a hero, IÂ'm a hero
And IÂ'm [incomprehensible], yeah IÂ'm
[incomprehensible]

I think IÂ've had enough with all the lights on earth
I think IÂ'm done with answering the phone
I bought myself a bridge and I canÂ't go back
I think itÂ's gonna happen pretty soon
Dare, for the longest time

And IÂ'm sorry that IÂ've made it this far
When you think you [incomprehensible] donÂ't
remember [incomprehensible]
And IÂ'm [incomprehensible]
And the faces of my family fade
Now as featureless as an orange, as an orange
[Incomprehensible] let me go

I think IÂ've had enough with all the lights on earth
I think IÂ'm done with answering the phone
I bought myself a bridge and I canÂ't go back
I think itÂ's gonna happen pretty soon

You ask how many fingers am I holding up
I donÂ't know what is taking me so long
LetÂ's get up off the floor and use our feet for hands
I see double, I see double yellow lines

[Guitar solo]

And I can see the [incomprehensible]
By the waterfall
DonÂ't remember, donÂ't remember

[Incomprehensible]
[Incomprehensible] world outside
Yeah she really had me going for a while
I won't forget you
I won't forget you
I won't forget you
