Girl you've been hitting that treadmill, like a freak
Maybe you're not quite the torso, of the week
The hollowest cheeks in the county
Time to tweet
Jogging all over my grave baby
With your big bare feet
Coiled heart, eyetoothed, feral child
Take me dancing, in the wild
You're looking like you're bored with a husband
You're looking like you might have a question
So why you staring out of the window
I get stuck [incomprehensible]

[Chorus]

What you wrestling there, what you wresting, wrestling
What you wrestling there, what you wresting, wrestling
there
Girl you've been hitting that treadmill, like a freak
What you wrestling there, what you wresting, wrestling
What you wrestling there, what you wresting, wrestling
there
Baby you're not quite the torso, of the week

Girl you've been offered the big deal
Don't look back
Possible perks of the lifestyle, gold and black
The minerals all through your system
That's my girl
And juggling all of your babies
With your black [incomprehensible]
Coiled heart, eyetoothed, feral child
Take me dancing, in the wild
You're looking like you're bored with a husband
You're looking like you might have a question
So why you staring out of the window
I get stuck [incomprehensible]

[Chorus]

What you wrestling there, what you wresting, wrestling
What you wrestling there, what you wresting, wrestling
there

Girl you've been hitting the treadmill, like a freak
What you wrestling there, what you wresting, wrestling
What you wrestling there, what you wresting, wrestling
there
Baby you're not quite the torso, of the week

Coiled heart, eyetoothed, feral child

You're looking like you might have a question
You're looking like you're lost on your thinking
You're screaming like you saw all your features
Your wrist is not unnoticed in the trembling
[Chorus]
What you wrestling there, what you wresting, wrestling
What you wrestling there, what you wresting, wrestling
there
Girl you've been hitting the treadmill, like a freak
What you wrestling, wrestling
What you, what you
What you wrestling there
Baby you're not quite the torso, of the week
Take my life
[Incomprehensible]
What you wresting, wrestling
What you wrestling there, what you wresting, wrestling
there
Baby you're not quite the torso, of the week
