I lose myself
So forgive and take me out

This is our wrath
This is your hell
This is my trust, and you are doomed!

I tried to be apart of you
While my souls, still remains
We slaved ourselves for the Kings
We chants to stand up again
This is our blood,
This is my ground,
This is my lights, our rules!
We shall express our darker sense
And gain that crown, OUR REVENGE!

--

I lose myself
So forgive and take me out
I will give my all
So dont blame me now

--

I see myself on the other side
Where serpents are belong
The king has made the star bright
Pushing their slaves, for this long,
With an eye, to seek and free
Three lungs to breathe out LIES
For this world WE COMPLETE
For this war WE WILL DIE

I've made myself
I'll bring you down.
I've change myself
And bury me
I've made my mind, to bring you down (2x)

I've been there for far too long
our sight that make it wrong
undersiege for far too long
our sight that make it wrong

We're falling down
We're falling down
We're falling down
We're falling down

And now i feel like a burning scars
Still im not believe in you
And all this shit that i've been through

Bitch Please
