English Translation:  
Hello Hello Hello Hello

Hello hello, I smile but you don't even pretend to listen  
It seems like a good idea to turn around your heart since I upset you  
I guess I made a mistake because I kept talking about myself  
But you are also only being angry

Sometimes I get tired of having the same fight every day  
But to me, I really need you

Better together Oh Oh Oh  
Better together Oh Oh Oh  
You know that you need me too so just smile

Better together Oh Oh Oh  
Better together Oh Oh Oh  
You know well that you want me as much as I want you  
So hug me, who is foolish

This same situation is always repeated  
I don't even know why I'm doing this  
Everyday, I think, why are we doing this?  
I only have you but you're the only one who doesn't know that  
You say that I'm selfish  
Saying that I do things however I want  
But you loved me all the time just the way I do  
I can't change but I still love you, yes I do

I can't even say sorry because of my good-for-nothing pride  
I hate myself for being like this " please understand me

Better together Oh Oh Oh  
Better together Oh Oh Oh  
You know that you need me too so just smile

You love me and I'm the one you will return to  
No matter how much you get mad, you know nothing  
has changed

Better together Oh Oh Oh  
Better together Oh Oh Oh  
You know that you need me too so just smile

Hello Hello Hello Hello (Hello)  
Hello Hello Hello Hello (Hello)  
Hello my man, you're always in my heart  
You know this too, I still love you a lot (x2)
