English Translation:

Listen to this song, the first confession I'm making ever
I do I do (I do u u u do u u u)
Since we've only met for the first time
It's a bit awkward and uncomfortable but
I'll tell you my story first (I do u u u do u u u)

Even the noisy music
Even this street busy with many people
Oh~ I (I do u u u u do u u u u)

I hope we can get to know each other little by little
Honestly, we may be a bit different but
I hope we can get to know each other - I do

I'll tell you my story first - when you keep looking at me
When you remember my name (I do u u u do u u u)
I'll tell you my story first - my favorite song is
(Whoz that girl tell me whoz that girl)

I'm getting such a rush right now
Can you please not smile like that?
I think we will fit together very well
Are you turned-off because I'm coming on too strong?
I ain't not cool but I can be your good girl I do I do baby
I do
If you heard my story up till now
Now you can start your story
