English Translation:

I like sneakers better than high heels  
I like a comfortable backpack than an uncomfortable  
handbag  
Do you think like me too?  
If so, don't hesitate and be with me now

Be different than others  
Don't be boring but be different  
I'll show you  
Listen, I'll show you more  
Friends and coffee are good but  
I like things that are nicer than that  
Break down your thoughts differently  
Don't clash with other's perspectives, don't  
think about it

Now la la la, let everything fly  
Come and together  
Completely differently, think a, think about it  
Oh la la la, now change yourself  
Come and together. woo baby baby think a think about  
me

Take it with one hand and let's get start it  
Yes, like that  
Think a Think about me (x2)  
Pick out everything you wanted  
Yes, like that  
Think a Think about me (x2)

One two three like this like that  
Little by little, like this like that  
Don't think about what how other's will see you  
Like this like that  
1, 2, 3 like this like that  
Everyone like this like that  
Don't think about what how other's will see you  
Like this like that

Be different than others  
Don't be boring but be different

Iâ€™ll show you  
Listen, Iâ€™ll show you more  
Uh just think a think about it  
Even this feeling of becoming special  
I donâ€™t want to experience it the same as everyone  
else  
Now letâ€™s be together

Now la la la, let everything fly  
Come and together  
Completely differently, think a, think about it  
Oh la la la, now change yourself  
Come and together. woo baby baby think a think about  
me

Take it with one hand and letâ€™s get start it  
Yes, like that  
Think a Think about me (x2)  
Pick out everything you wanted  
Yes, like that  
Think a Think about me (x2)

Youâ€™re beautiful now but show me more of yourself  
I wonder how you think of me â€œ if youâ€™re like me

Now la la la, let everything fly  
Come and together  
Completely differently, think a, think about it  
Oh la la la, now change yourself  
Come and together. woo baby baby think a think about  
me

Take it with one hand and letâ€™s get start it  
Yes, like that  
Think a Think about me (x2)  
Pick out everything you wanted  
Yes, like that  
Think a Think about me (x2)
