Live face, live wars
Live final fallen shore.

Wise up down play.
Locked spine.
The spirits rule, lies down
Rip the cord, spent with the dead.
Lockdown.
Lockdown.
Life's pace. Crowds boss.
We're burned on the fire.
View the scum you'll cross.
We're burned in, we're burned out.
Relax, lie down.
Beg to a different crown.

Wise up, down play.
Locked spine.
The spirits rule, lies down
Rip the cord, spent with the dead.

Live face, live wars
Live final fallen shore.
Relax, lie down.
Beg to a different crown.
Lockdown west side
Sent to a distant land.

Wise up, down play.
Locked spine.
Rip the cord, spent with the dead. The spirits rule, lies
down
