

Obituary "Rewind"

Resign my brain.
Knows bored, minds cored.
Your fate has come rewind.
I thought the day I'd die you'd rule.
Rewind my sense.
Range choice of live expense.
Days come, nights fall.
Fix all mistakes, rule all.
When is locked in.
Set back within your realm of violence.
If you see anything, soon we'll rise.
Resign, my brain.
Knows bored, minds cored.
Your fate has come, rewind.
I said the day I'd rule you'd die.
Resign my friend.
Knows bored, minds cored.
Your fate has come rewind.
I said the day I'd rule you'd die.
