The god is the wicked way
Of your second chance
The god's searchin' heads of the death
The crippling man wants you dead

The final cries are due
The certain heads of the death
The final cries are due

God is the wicked way
Of your second chance
The god's searchin' heads of the death

The god is the wicked way of
The god is the wicked way of
God is the wicked way of
The god is the wicked way of life

The god is the wicked way of
