Found once, live wise  
The taste to come, we'll go  
Lost right, taking the face  
The coming show

Threatening skies  
Threatening skies

I will fear, rising forms more slow  
Live the spell  
Takes the coming spell forth  
Ravishing you all, ravishing you all

Threatening skies  
Threatening skies

Found once, live wise  
The taste to come, we'll go  
Lost right, taking the face  
The coming show

Threatening skies  
Threatening skies  
Threatening skies
