So join this journey into our dreams (a huh yeah)
Where everything's as wild as it seems (a huh yeah)

We're not gonna bore in minutes
We'll kick in the doors
It's like a sweet bite
A soon coming landslide
'Cos we're four girls on a ride

Walking on sunshine into the sea
Tripping on the water easily
Dancing on a moonbeam we're the girls
Wanna do wanna do the world

Flying in formation songbirds (a huh yeah)
We're out on some heavy research (a huh yeah)

We're not gonna stop
We'll party until the rest of you drop
Shine into the night
We're doing alright
'Cos we're four girls on a ride

Walking on sunshine into the sea
Tripping on the water easily
Dancing on a moonbeam we're the girls
Wanna do wanna do the world

Walking on sunshine into the sea
Tripping on the water easily
Dancing on a moonbeam we're the girls
Wanna do wanna do the world

Let it out
The music's clear and loud
There's no choice
We're gonna make some noise

Ooooooh ouh oh
Ooooooh ouh oh
Ooooooh ouh oh

In the sunshine
Right to the sea
On the water
Riding easily,
On a moonbeam,
We're flying high.

Walking on sunshine into the sea (In the sunshine, right
to the sea)
Tripping on the water easily (On the water, riding
easily)
Dancing on a moonbeam we're the girls (On a
moonbeam, we're flying high)
Wanna do wanna do the world

Walking on sunshine into the sea (In the sunshine, right
to the sea)
Tripping on the water easily (On the water, riding
easily)
Dancing on a moonbeam we're the girls (On a
moonbeam, we're flying high)
Wanna do wanna do the world
