(It's-it's it's about time)  
(It's-it's-it's it's-it's it's-it's it's about time)

Yo DJ Abilities what you gonna do?  
(B-b-b-bout to rock)  
Add me to mix, you get E&A crew  
And we (Blow up the spot)  
Why don't you go ahead and give a taste of what you  
got

[Verse 1]  
Man you killing it, I'm feeling it, you feeling it?  
We drill 'em with the cerebellum-swelling-sonics  
Surfing over snare snaps  
Psycho with syllables and same boy scratch  
My DJ is with me and we ready to get busy  
(Let's start it like this!)  
Eyedea and Abilities we coming through to represent  
The rhyming never kid and never hesitant  
To give you something better than the previous  
Though people think graffiti writers  
DJs and the hungry rappers, we're the type that  
Once we crack the media and then we co-exist  
Immediately everyone is socialist conformed  
We come to mediate we burn the stake down  
Hope you get the message we're too cold to  
Fuck with featherweights, in medial clemently states  
We smoke 'em in a demonstration so  
We'd like to thank you for checking out the show  
And if you don't know by now you never know  
Some are amateurs but we be pro's  
Abilities show 'em what I mean bro

(Time-time-time-time for some action!)  
(Go 'head!)  
(Yeah!)

[Hook]  
And do we got the skills on the turntables and the mic?  
(Yeah!)  
Is the people really feeling hype?

(No question!)  
Them and us is all we needed right?  
(Yeah!)  
Then we're going to rock the spot tonight!

(No doubt!)

[Verse 2]

Back to the lesson of rap in it's essence  
The masters who wreck and we nasty no question  
You asked for the best and this crack in we stepped in  
And the fact is we blasting the wackness  
The two of us can do what's comfortable for you and  
your clique  
Fasten your seatbelt cause we're going on  
A trip to party people, purgatory, end of story  
Never slowing in motion  
I'm blowing a hole in the border of where there an  
opponent is  
(Oh yeah!)  
This is how we play to keep it alive  
Put the grooves, them hands in music or how else  
would you survive?  
Fight, give it a like, you win the right, do it tonight  
You put an MC, a DJ, and Hip-Hop at the center  
(It's a sample of victory here)

[Hook]

And do we got the skills on the turntables and the mic?  
(Yeah!)  
Is the people really feeling hype?  
(No question!)  
Them and us is all we needed right?  
(Yeah!)  
Then we're going to rock the spot tonight!  
(No doubt!)  
Done!

(Attention to all you punk motherfuckers out there)  
If you want incredibly fast relief from the pain of  
(The wack, wack)  
Try (E-A)  
That contains not just one but a combination of  
(All types of funk) (Hot shit)  
That give effective relief  
(True) (Yeah)  
If you've not been introduced to (E-A)  
By your own physician or dentist  
(You're slipping)  
(You know what I'm saying?)  
I'll repeat the name for you

(E-A, E-A)  
(You punk motherfuckers!)
