How could I not see the wonder by my side?
How could I miss what was right before my eyes?
Said I'd do anything for you
Boy, I would die
But, somehow I could not see the you next to the I

Now, that I know that I will always love you
I wish that somehow I could let you know
Have you wait for a minute,
Stay for a while,
Let me just tell you why

Sometimes I break down and cry when I see you
Sometimes I feel like I'm losing my mind
Sometimes I need to keep love at a distance
Always missing you (Always missing you, oh ih yeah)

Looking for water in wells that have run dry
Boy, you've been fighting the sadness for a while
Keeping the love that were due, away from you
It pours when it rains,
Now I don't know what to do

Now, that I know that I will always love you
I wish that somehow I could let you know
Wait for a minute,
Stay for a while,
Let me just tell you why

Sometimes I break down and cry when I see you
Sometimes I feel like I'm losing my mind
Sometimes I need to keep love at a distance
Always missing you (Always missing you)
