Flip the switch stop the machine  
(Shut it down now, shut it, shut it down now)  
Wash away the lies and greed  
(Shut it down now, shut it)  
You better take the reigns police yourself  
(Sick of all the lies they've told us)  
This is the end  
Of what you know

Now you know  
Now you know

Push it through your hollow head  
Walking with the living dead  
Zombies under their control  
Victim of the system  
(Victim of the system)  
Let us go

Burning down the last empire  
(Watching as they rise among us)  
They say they'll never die  
(They'll never die)  
But they're gonna reap in time what their brothers  
sowed  
(They know they're time is coming)  
This is the end of what they know

Now you know  
Now you know

Push it through your hollow head  
(Your hollow head)  
Walking with the living dead  
(Victim of the system)  
Zombies under their control  
Victim of the system  
(Victim of the system)

[Guitar Solo]

Zombies under their control  
Victim of the system  
(Victim of the system) (Yeah)  
Push it through your hollow head  
(Your hollow head)  
Walking with the living dead  
(Victim of the system)  
Zombies under their control  
Victim of the system  
(Victim of the system)  
Let us go

Now you know  
Now you know  
Let us go

Go... !
