Five, four, three, two, one, fire!
Thanks to men like
Glenn, Grimpson, Sheperd, and Cooper
Very soon, very soon now

We'll be dancin' on the moon
Its' gonna happen very soon
Down in the middle of a big moon crater
Oh, we'll be doing the mash patato
Mash patato, yeah, yeah, yeah, yeah
Mash patato, yeah, yeah, yeah, yeah

We'll do the twist and the madison
And limbo till the day is done
We'll do the mash patato, yeah, yeah, yeah, yeah
Mash patato, yeah, yeah, yeah, yeah

I'll look a-deep in your eyes
We're gonna share a loor like ths
And then we'll ride up to the sky
We're gonna enjoy something like this

"Baby" "Yes, honey"
"You dig that full moon tonight"
It sure is darling, very bright
Wa-wa-watusi, wa-wa-watusi
What things to come, what fun, what fun
