What a messed up place we live in,
It's an ever raging battle that we'll never understand.
So many questions without answers,
Are we alive or just existing in this desert wasteland?

Lying awake at night,
Wondering what we've become.
I'm not ready to run (x3)
I'm not ready.
Not giving up this time,
I'm not the only one.
I'm not ready to run (x3)
I'm not ready.

When the levy breaks from the pressure,
All the waves come crashing down on top of everything
you know.
The medication isn't helping,
How can I jump from this cliff not aware of what's lying
below?

Lying awake at night,
Wondering what we've become.
I'm not ready to run (x3)
I'm not ready.
Not giving up this time,
I'm not the only one.
I'm not ready to run (x3)
I'm not ready.

We are alive,
And nothing can stop us now.
Sick of your lies,
Your day is over.

Lying awake at night,
Wondering what we've become (not ready to run, we're
not ready).
Not giving up this time,
I'm not the only one (not ready to run, we're not ready).

Lying awake at night,
Wondering what we've become.
I'm not ready to run (x3)
I'm not ready.
Not giving up this time,
I'm not the only one.
I'm not ready to run (x3)
We're not ready.
