Racing to your obsession
Trying to find some poison to numb your mind.
There's no time to waste in reality
Grab what you can and run to your heartache.

If I walk a thousand miles in your shoes,
Will you stop pretending to hate me (hate me)?
If love had its way with you
I think we could make it alive.

Lost in the sea of factions
Stop asking why, surrender and fall in line.
Relief lies in bed with conformity
Open your eyes, awake from your slumber.

If I walk a thousand miles in your shoes,
Will you stop pretending to hate me (hate me)?
If love had its way with you
I think we could make it alive.

Goodnight
Goodnight world
So long
For now

Goodnight (From the ashes of their idols)
Goodnight world (We, the remnant, crawl)
So long (Your tears are wiped away)
For now (By the blood-stained robe that tore down the
city walls)

Goodnight (Oh where is your power now?)
Goodnight world (Oh death have you lost your sting?)
So long (The mountains will fall on their knees)
For now (And bow to their king)

If I walk a thousand miles in your shoes,
Will you stop pretending to hate me (hate me)?
If love had its way with you
I think we could make it alive.
