We have come to be with You, come to bring You our  
attention  
Our affection  
We're here to be with You, come to bring You all of our  
praise  
Her in this place

Deep inside our hearts, we wanna scream out!

You are God, You are God, we were made for You, Just  
for You  
You are God, You are God, we will live for You in  
everything we do  
You are God

God of creation, You came from heaven, You became a  
man  
Bringing hope again  
You laid Your life down took all of our sin, nailed it to  
the cross  
Where You paid it all

Now we bow our hearts, and we stand in awe

There is no one like You, You are the only Truth  
In a world that's so confused, there is no one like You
